QUICK-REFERENCE PRODUCT GUIDE

PRODUCTS

QUICK-REFERENCE GUIDE

CROSSFIRE® AEROSOL

FORM: Aerosol
ACTIVITY: Kills by contact, residual

- > Easy to use aerosol
- > Kills pyrethroid resistant bed bugs and their eggs
- > Non-repellent and non-staining technology
- > No signal word
- > Synergized formulation

 **17 ounce unit** (12 per case)

CROSSFIRE® CONCENTRATE

FORM: Concentrate
ACTIVITY: Knockdown, residual

- > Kills pyrethroid resistant bed bugs and their eggs
- > Quick knockdown and kill
- > Unique synergized, water-based formula
- > No signal word

 **13 ounce unit** (10 per case)
130 ounce unit (2 per case)

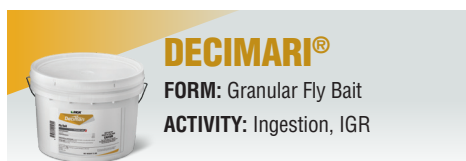

DARLEX®

FORM: Concentrate
ACTIVITY: Residual, kills by contact

- > Controls adult darkling beetles and their larvae
- > Kills bed bugs in poultry houses
- > Broadcast and band applications
- > Combine with NyGuard IGR to increase residual control

 **1 gallon unit** (4 per case)

DECIMARI®

FORM: Granular Fly Bait
ACTIVITY: Ingestion, IGR

- > First fly bait with dual modes of action
- > Attracts and kills house flies
- > For scatter, paint-on or bait station use
- > Contains NyGuard IGR

 **5 pound unit** (4 per case)
40 pound unit

EVERGREEN® PRO 60-6

FORM: Concentrate
ACTIVITY: Knockdown

- > Synergized, water based formula
- > Contains pyrethrins, a botanical insecticide
- > Apply directly or as a space spray while animals are present
- > Kills flies, ticks, lice, mites, bed bugs and other listed pests

 **1 quart unit** (6 per case)
1 gallon unit (1 per case)
55 gallon drum

EVERGREEN® PYRETHRUM CONCENTRATE

FORM: Concentrate
ACTIVITY: Knockdown

- > OMRI Listed for organic production
- > Contains pyrethrins, a botanical insecticide
- > For use in barns, dairies and poultry houses
- > Kills flies, mites, lice and other listed pests

 **1 pint unit** (6 per case)
1 gallon unit (2 per case)
55 gallon drum

EXPONENT®

FORM: Concentrate
ACTIVITY: Synergist

- > Increases killing power by making insects more susceptible to insecticides
- > Use as a synergist to tank mix with other insecticides to enhance product effectiveness

 **1 quart unit** (6 per case)
1 gallon unit (4 per case)
55 gallon drum

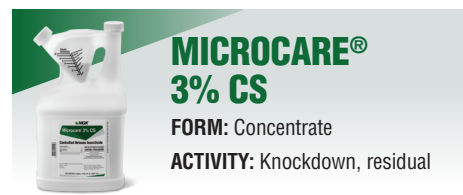

FLYNEXX®

FORM: Granule
ACTIVITY: IGR

- > Insect growth regulator disrupts the fly larvae molting process
- > Water-soluble granule suitable for dry scattering or spraying
- > Apply to manure and other fly breeding sites
- > Controls house flies and stable flies

 **35 pound unit**

MICROCARE® 3% CS

FORM: Concentrate
ACTIVITY: Knockdown, residual

- > Microencapsulated, synergized pyrethrum featuring SmartCap technology
- > Contains pyrethrins, a botanical insecticide
- > Provides contact kill with residual activity
- > For use on and around animals to control flies and other listed insects

 **1 gallon unit** (2 per case)

Insect Control Solutions

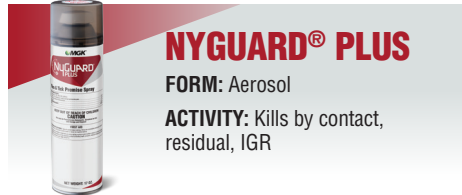

NYGUARD® IGR

FORM: Concentrate
ACTIVITY: IGR, residual

- > Breaks the life cycle of over 50 pests
- > Insect growth regulator provides long lasting residual activity
- > Labeled for indoor and outdoor use
- > May be applied when chickens are present
- > Can be tank mixed with other insecticides

 **140 ml unit** (10 per case)
480 ml unit (6 per case)
30 gallon drum

NYGUARD® PLUS

FORM: Aerosol
ACTIVITY: Kills by contact, residual, IGR

- > Quick acting, long lasting with 7-month residual for fleas
- > No-drip application
- > Eliminates pet odors, including urine, leaving fresh clean scent
- > Synergized formulation

 **17 ounce unit** (12 per case)

ONSLAUGHT®

FORM: Concentrate
ACTIVITY: Residual

- > Controlled release, microencapsulated formula provides residual control
- > For indoor or outdoor use
- > Effective on a broad spectrum of flying and crawling insects

 **1 pint unit** (6 per case)
1 gallon unit (2 per case)
30 gallon drum

ONSLAUGHT® FASTCAP

FORM: Concentrate
ACTIVITY: Residual, kills by contact

- > Fast-acting, microencapsulated, synergized formula provides quick kill and residual control
- > For use in and around barns and other livestock areas
- > Kills biting flies, house flies, mosquitoes, darkling beetles and other listed pests

 **1 pint unit** (6 per case)
1 gallon unit (2 per case)
30 gallon drum
275 gallon tote

PYGANIC® SPECIALITY

FORM: Concentrate
ACTIVITY: Knockdown

- > OMRI Listed and meets NOP standards for organic production
- > Contains pyrethrins, a botanical insecticide
- > For use in barns, dairies and poultry houses
- > Kills flies, mites, lice and other listed pests

 **1 quart unit** (6 per case)
1 gallon unit (2 per case)

RIPTIDE®

FORM: Concentrate
ACTIVITY: Flushing, knockdown

- > Contains pyrethrins, a botanical insecticide, and a synergist
- > For use on and over animals in livestock facilities
- > Kills house flies, stable flies, mosquitoes and other listed pests
- > For use in hand-held, truck mounted and automatic misting systems

 **64 ounce unit** (4 per case)
55 gallon drum
132 x 64 ounce unit overpack
275 gallon tote

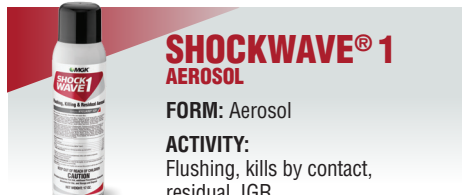

SECTOR®

FORM: Concentrate
ACTIVITY: Kills by contact, residual

- > Synergized permethrin based formula provides quick knockdown and residual control
- > For use on and over animals
- > Kills house flies, stable flies, mosquitoes, ticks and other listed insects
- > For use in hand-held, ULV and automatic misting systems

 **64 ounce unit** (4 per case)
1 gallon unit (4 per case)
55 gallon drum
80 x 1 gallon unit overpack
275 gallon tote

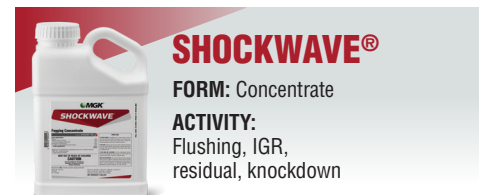

SHOCKWAVE® 1 AEROSOL

FORM: Aerosol
ACTIVITY: Flushing, kills by contact, residual, IGR

- > Flushing, killing and residual aerosol
- > Dual killing agents, dual synergists plus NyGuard IGR
- > Space spray or direct spray treatments
- > Kills listed flying and crawling insects

 **17 ounce unit** (12 per case)

SHOCKWAVE®

FORM: Concentrate
ACTIVITY: Flushing, IGR, residual, knockdown

- > For commercial and industrial use
- > Indoor use as ULV, space, area or contact spray
- > Works to break the life cycle of listed insects
- > Synergized formulation

 **1 gallon unit** (4 per case)
55 gallon drum

PRODUCTS

QUICK-REFERENCE GUIDE

SUMARI®
ANT GEL BAIT
FORM: Gel Bait
ACTIVITY: Ingestion

- > Kills ants (except fire ants and carpenter ants)
- > Effective for up to 90 days (excluding fire, harvester, carpenter & pharaoh ants)
- > No signal word

 **1 clamshell unit** (4 x 30 gram tube, 5 per case)

SUMARI®
INSECTICIDE
FORM: Concentrate
ACTIVITY: Kills by contact, IGR, residual

- > Rotate with pyrethroid based products to provide residual control in and around livestock facilities
- > Dual modes of action
- > Contains NyGuard IGR
- > Kills house flies, mosquitoes, and other listed ants and pests

 **1 quart unit** (6 per case)
 **1 gallon unit** (2 per case)

SUMILARV 0.5G
FORM: Granule
ACTIVITY: IGR, residual

- > Prevents adult mosquito emergence (including those which may transmit West Nile virus)
- > Non-flushing formula provides long-lasting control
- > Easy to apply sand granule
- > Works well even in areas that dry out and rewet
- > For use in lagoons and waste settling ponds

 **1 kilogram unit** (10 per case)
 **5 kilogram unit** (2 per case)

TOBEX®
FORM: Concentrate
ACTIVITY: Kills by contact, IGR, residual

- > Microencapsulated, synergized formula contains NyGuard IGR
- > Multiple MoA eliminates tank mixing
- > For use in and around barns and other livestock areas
- > Kills darkling beetles, house flies, mosquitoes and other listed pests

 **1 quart unit** (6 per case)
 **2.5 gallon unit** (2 per case)
 **30 gallon unit**
 **275 gallon unit**

TROIKA®
FORM: Concentrate
ACTIVITY: Knockdown, residual

- > For use over animals
- > For use in hand-held, ULV and automatic misting systems
- > Synergized formulation

 **64 ounce unit** (4 per case)
 **55 gallon drum**
 **275 gallon tote**

ULD® BP-100
FORM: Concentrate
ACTIVITY: Flushing, knockdown

- > Contains pyrethrins, a botanical insecticide
- > Oil-based, contact insecticide adheres to animal hide or feathers
- > Kills flies, cattle lice, ticks and other listed pests
- > 1% pyrethrins with 5% PBO synergist can be used full strength or diluted

 **1 gallon unit** (4 per case)
 **55 gallon drum**

ULD® BP-300
FORM: Concentrate
ACTIVITY: Flushing, knockdown

- > Contains pyrethrins, a botanical insecticide
- > Oil-based, contact insecticide adheres to animal hide or feathers
- > Kills flies, cattle lice, ticks and other listed pests
- > 3% pyrethrins with 15% PBO synergist can be used full strength or diluted

 **1 gallon unit** (4 per case)

VENDETTA® PLUS
FORM: Cockroach Gel Bait
ACTIVITY: Ingestion, IGR

- > Highly palatable bait matrix
- > For use in commercial, industrial and residential areas
- > Kills German cockroaches
- > Fits standard bait guns

 **1 clamshell unit** (4 x 30 gram tube, 5 per case)

Insect Control Solutions

**More Products.
More Control.
More Results.**

MGK's complete line of solutions is designed to meet the unique needs of animal producers. With over-animal options, pyrethrins based fogging concentrates, fly baits, premise sprays and insect growth regulators, MGK's products help protect your animals and preserve your bottom line.
